F. A. BROWN QUIT CATTLE BUS- INESS TO GO INTO OIL.

Courtesy San Antonio Express.

F. A. Brown of the Ina Oil Com-
pany who discovered the Ina field,
quit the business of raising pure-
blood Aberdeen Angus cattle to go
into the oil business. He had a
1,000-acre farm south and east of
Hondo, the county seat, and never
sold an Aberdeen Angus off the
place for less than \$100. He got the
idea that there was oil in that ter-
ritory and about six years ago drill-
ed a well on the John Ward survey
No. 18. The well was located on the
east side of the Hondo River
and at 442 feet it "hit oil" and made
a well that would produce about a
half barrel a day.

It wasn't enough, and he moved
farther south down the river a few
miles and drilled the No. 1 Schmidt
on the P. E. Durst survey No. 15
and at 925 "hit oil" again, and this
time got enough of the sand to make
a commercial well. It was the dis-
covery well of the Ina field. He drill-
ed another nearby and it made a
well also. Later other wells were
drilled on the lease and early this
year the Ina Oil Company sold five
of its wells and 35 acres of leases
to the Magnolia Petroleum Company
and has since started developing
other acreage that it owns.

The six years' study of the field
and drilling of a number of wells
has strengthened Mr. Brown's faith
in Medina County as an oil produc-
ing territory.

THE SOPHIAN CLUB.

The Sophian Club met Wednesday and, after a short business session, listened to a well written paper on "Mrs. Winter's Book" read by Mrs. R. H. Hudspeth. This was followed by Miss Shepherd reading a Character Sketch, written by Miss Olga Rothe, a member of her English class, which was a credit to pupil and teacher. Miss Lillys Lewis gave an entertaining original dialogue between a policeman and his victim. Miss Hightower's delineations of character she had known was very distinctive. A motion was made and carried to turn the papers, data and other literature over to the club librarian as the material for a scrapbook to be compiled throughout the life of the Club as a source of information and reminiscence.

Mrs. D. C. Holland was a club guest for the afternoon.

The next meeting, March 31, will set forth the following features:

Setting—Background, Means, Dialect and Description and Names. 1. Discuss the "Threefold Setting", using stories from the collection given, Miss Fawcett.

2. Discuss the means used in arranging this collection of stories called: "American Types", "American Traditions", "American Landscapes" and "American Communities", Miss Finch.

3. Discuss the four "Indications" in "A Local Colorist" and "Municipal Report", Mrs. W. H. Smith.

4. "The Windigo" and "Love of Life", Miss Schroeder.

5. An original short story, Miss Maggie Cameron.

DIED.

William Meyer died at his home in Dunlay, Friday morning, March 19, 1926, at 10 o'clock. His body was buried in the Catholic cemetery in Castroville Sunday afternoon. Six of his nephews acted as pallbearers. They were: Harry Meyer, Clarence Huegele, Elmer Huegele, Hubert Batot, Henry Batot, Jr., and Joe Krenmueller.

Deceased was born in Bader Settlement August 10, 1876. He was married to Miss Lina Huegele on January 7, 1902. He leaves, besides his widow, one daughter, Mrs. F. J. Zerr of Sanderson, and three sons, Joe, Otto and Welton, and one granddaughter, Ruth Janet Zerr, his aged parents, Mr. and Mrs. Ed. Meyer of Dunlay, and two sisters, Mrs. Chas. Krenmueller and Mrs. Dom. Schott of Dunlay.

Deceased had been in poor health for several years. The immediate cause of death was a second stroke of paralysis, from which he died without regaining consciousness. Death no doubt relieved him of much bodily pain and suffering.

This paper joins the many friends of the family in extending heartfelt sympathy on this sad occasion.

A GLOBE TROTTER VISITS HONDO.

Mr. Henry B. Stewart, official Trumpeter for the Sesqui-Centennial Celebration to be staged in Philadelphia, Pennsylvania, this year, blew into Hondo Wednesday morning. Mr. Stewart is making the trip, via the Southern route, from Philadelphia to his home in San Diego, California, on foot, "trumpeting" the celebration and boosting for good roads as he goes.

He is an unique and interesting character who has walked all over the world—120,000 miles, he says—and can talk in an interesting way of his travels and the places and scenes he has visited.

He says, however, that when his job of "trumpeting" for the celebration is completed he is going to settle down to the quiet home life of being Mayor of San Diego and reforming the morals of the California-Mexico border.

[So Big] MRS. J. R. MONKHOUSE HONORED.

Mrs. W. H. Smith and Mrs. Chas. J. Monkhouse entertained at the home of the latter Thursday afternoon from 4 to 6 o'clock in honor of Mrs. Joe R. Monkhouse.

The living room was fragrant in pink brides'-maid roses, and vases of bride's roses, and flowering pot plants formed a profusion of spring blossoms as a background for the honoree.

Mrs. A. N. Eby and Mrs. P. P. Brewster assisted in receiving the guests and the hostess were assisted in pouring tea and serving sandwiches by Mesdames Earl Starnes, Oscar Miller, Henry Merriman, and Ralph Noonan.

About a hundred guests called, expressing their pleasure at having the honoree as a resident of our town.

PHILATHEA CLASS.

The Philathea Class met with Mrs. W. T. McClaugherty Tuesday afternoon for their regular study.

After a short devotional service, the 19th and 20th chapters were led by Rev. Ezell. After an hour of interesting discussion, the 21st and 22nd chapters were assigned for the next meeting which will be at Mrs. Barnitz Carle's.

Mrs. McClaugherty then served refreshing cake and ice cream course to the following: Rev and Mrs. Ezell, Misses Bertha Newton and Willie D. Fly, Mesdames Theo. Barnes, Richard Reilly, Sydney Fly, F. S. Cockrell, Roland Chancey, Harper Fly, John Horger, Barnitz Carle, Jesse Newton, and Mrs. John Harding of Del Rio and Mesdames E. Williford, Fanny Willard, and Ethel Young of San Antonio.

CARD OF THANKS.

We take this means of publicly expressing our thanks to the public for its sympathy for us in our sad bereavement. We wish especially to thank Mrs. L. A. Wiemers, Mrs. Henry Riff, and Mrs. Willie Weber for their kindness and helpfulness, and Rev. Hasskarl for his kind words of comfort and consolation.

Gratefully yours, JOHN M. SAATHOFF and SONS.

CARD OF THANKS.

We wish to thank our friends for the many kind expressions of sympathy in our sorrow over the death of our husband and father, the late William Meyer. We assure one and all that you will be gratefully remembered and appreciated.

Yours in sorrow, MRS. WILLIAM MEYER and CHILDREN

Night Coughing
Relieved At Once

Why suffer continually from a per-
sistent, weakening night cough when
you can get almost instant relief, and
usually break the cough completely in
24 hours by a new method based on the
famous Dr. King's New Discovery?
Here is the method: You simply take
one teaspoonful and hold it in your
throat for 15 or 20 seconds before
swallowing it. It has a double action.
It not only soothes and heals irritation,
but also removes the phlegm and con-
gestion which are the real cause of the
coughing. As a result even the worst
cough usually disappears quickly.
Dr. King's New Discovery is for
coughs, chest colds, bronchitis, spas-
modic croup, etc. Fine for children,
too—no harmful drugs. Very economi-
cal, as the dose is only one teaspoonful.
At all good druggists. Ask for

DEVINE NEWSLETS.

From The Devine News.
MARRIED MONDAY EVENING AT
JOURDANTON.

Mr. E. K. Watson, of Mirando City, and Miss Lucille Morris, of Devine, were married Monday evening at Jourdanton, to the surprise of the most of their friends, only the bride's mother in San Antonio, and sister in Devine, had been confided the secret. The bride is the eldest daughter of Mrs. Leona Morris of San Antonio, and granddaughter of Mr. and Mrs. W. L. DuBose, in whose home she was reared. She graduated from the Devine Hi, with the class of 1925, at the beginning of the term, having made up one year in the San Marcos preparatory school, attending C. I. A. last year, and was engaged in teaching at Miguel. The groom was born and reared in Bexar county, his father, mother and several relatives having been teachers in that county for years. He had a mechanical trend of mind, and rather than teach he went to the Mirando oil field two years ago and was soon promoted to head driller in one of the big companies operating there. He is quiet, industrious and steady and is said to have no bad habits. He has won a very intelligent, industrious and charming girl, a favorite of the editor's home, and our very best wishes and prayers go with them. We suppose that she will finish the other six weeks of her school and that they will reside at Mirando City.

County Attorney D. C. Brown spent the most of the past week in Houston with his mother and transacting some legal business.

ST. JOSEPH CHURCH WILL
CELEBRATE MARCH 19.

St. Joseph's Catholic church will celebrate March 19th, with special services and dinner on the ground. It will be the occasion of their Patron Feast of the Parish, St. Joseph's day. Several visiting ministers and laymen will be here from the city and many from other parishes will attend. Everybody is especially invited to spend the day with them. There will be different kinds of entertainment in the afternoon for every one.

Mr. and Mrs. J. L. Wernette was called to Castroville Sunday to the home of Mr. and Mrs. Sam Tschirhart as one of the children was very sick.

An enjoyable evening was spent at the home of Mr. and Mrs. Jacob Biry Friday evening when several of the ladies surprised Mrs. John Fell. It being her 72nd birthday. The ladies taking cakes. Those present were: Mrs. Emma Haass and daughters, Hilda and Hazel, Mrs. Ed Bader and daughters, Ella, Lucille and Alma, Mrs. Geo. Bader, Mrs. F. J. Biry and children, Mrs. Pete Schmidt and Mrs. Louis Biry, at 3 o'clock luncheon was served consisting of cake and coffee. At 5 o'clock all left for their homes wishing her many more happy birthdays.

FROM YANCEY.

The remains of Mr. N. W. Ward were entered in the Styles cemetery here Monday evening, he died at his home in Devine but was a former citizen of Yancey. He was among the early settlers of this section, coming to Yancey community at the age of fifty. He is survived by his second wife, several children. Several brothers and sisters and a large number of relatives and friends. Funeral services were conducted by Rev. J. A. Boatman and his body was laid to rest by the Yancey Masons. The grave was covered with many beautiful flowers.

The final elimination in declamation was held at the school Auditorium Thursday night those winning being as follows: Junior girls, Martha Berry, Senior boy, Claud Burgin.

The Senior Epworth League rendered a program at Sabinal Sunday.

Mr. Wesley Oefinger and family and Mr. and Mrs. Oswald Oefinger of San Antonio and Mr. Ben Oefinger and family of Hondo were guests of Mr. and Mrs. C. J. Oefinger Sunday.

Dr. Lynn is spending some time with his parents here.

Grandma Burgin is still very ill. Mr. J. C. Newton is reported not much better.

Mrs. J. L. Landrum secretary State Board of Agriculture, Oklahoma, formerly with the Texas Agricultural Department, and formerly the wife of a prominent attorney of Medina county was in Devine, Tuesday, and called at the News office with her brother, J. R. Stroud. She was here visiting her brothers, J. R. and Joe, the first time in seven years; she said, since which time her father has died. Mrs. Landrum says she still holds membership in the Texas Press Association and hopes to meet with us in San Antonio, in May. Mrs. Landrum has had quite a career in the agricultural demonstration lines in Texas as well as Oklahoma.

From the Huajillo Leaf.

Last Wednesday night the contestants for the declamation contests, both Junior and Senior, met at the auditorium for final eliminations. Despite the bad weather, a good crowd was present to encourage those who took part in the contests.

Dwycce Cameron, Thelma Wilson, Gertrude Harris and Mary Lois Barnes represented the Junior girls; Jack Muennink and Vernor Wiemers, the Junior boys; Rhoda Mae Taylor, Thelma Lynch and Janice Holloway, the senior girls; Robert Griffiths, Milton Mechler and Doak Love the Senior boys.

With Mr. Marshall, Mr. Brucks, Mr. Maley, Mr. Forgason and Mr. Collard acting as judges the following decisions were reached:

Junior girls:—1st Place, Gertrude Harris; 2nd Place, Dwycce Cameron. Junior boys:—1st Place, Jack Muennink; 2nd Place, Vernor Wiemers.

Senior girls:—1st Place, Thelma Lynch; 2nd Place, Janice Holloway. Senior boys:—1st place, Robert Griffiths; 2nd Place, Doak Love.

After the declamation contests, a practice debate took place with the affirmative upheld by Wilburn Van Fleet and Earl McClaugherty and the negative represented by Anne Davis and Marietta Fly. The decision was rendered in favor of the affirmative.

Between the declamation tryouts and the debate, Leora Horger played a piano solo.

EASTHAM-TARVER START SHALLOW TEST IN MEDINA.

Eastham and Tarver are starting a test with a Star rig west of the new Hondo shallowfield on Survey 16 and several other tests are being framed up for Medina County in more or less scattered locations. The old Zerr test that has been standing at 1,112 feet on Jaun Jose Casanova Survey No. 459 northwest of D'Hanis and northwest of Hondo is to resume drilling soon. Cecil Switzer of Shawnee, Okla., has bought the interest of Mr. Odell in the proposition. It has 10-inch casing set at 901 feet and is to be drilled to 1,900 feet.

The Taylor No. 2 of the Medina Oil Company, which tested a few barrels of oil at 315 feet and then drilled at 380, is to be drilled deeper. It was first decided to complete the well with the production at 315, no additional pay sands having been encountered down to 380 feet. Later, it is understood from further study of the field it was decided to carry it on down. The No. 1 Taylor, or discovery well, only 300 feet to the east, at 356 feet is making much better production.

California-Medina Company's No. 1 Rothe in the western part of the county, northwest of D'Hanis, is drilling at a little below 3,000 feet and in a black shale that has been identified as the Pennsylvania.

Jacobs and Powell, Luling operators, are to drill on a 61-acre tract, 1,200 feet south of the discovery well or Taylor No. 1. Kittle and Townley's No. 1 Richter was shut down at about 600 feet Thursday where it had a showing and was reported about to make a test.—Saturday's Express.

MEDINA GASSER IMPORTANT WELL.

Henderson and Holden's gas well in Medina County south of the Ina field was closed in with a gate valve but blew out between the 8-inch casing and the 10-inch and had to be opened again. It bridged over considerably so that the tools could not be gotten back but is reported again making gas and additional equipment has been ordered for handling the well. J. L. Henderson of Oklahoma, one of the owners of the well who came in the next day after the gas was encountered is still in the city staying at the Robert E. Lee, waiting to see the well completed.

The well is said to be fully as big as the estimates made on it and one report is that after the gate valve had been placed on it that it gauged a few hundred feet less than 10,000,000 cubic feet and the gas is dry. Depth of the well is 903 feet and it is significant in connection with the big salt water well that showed oil drilled by B. J. K. Oil Company on the tract a mile or so south.

The Ina field is about a mile to the north and the discovery well of that area was drilled on the east bank of the Hondo river. The new gas well is down the river about a mile and also on the east bank of the river and the B. J. K. well is about another mile down and on the same side of the river. The W. C. McBride, Inc. drilled a well a little to the north of the gasser more than a year ago and got quite a showing of oil. It looked for a time like a sure enough well.

Production in the Ina field and the gas in the Henderson and Holden well and salt water in the B. J. K. well is a combination that is attracting to that part of Medina County a good deal of study. It all leads to the supposition that there ought to be an oil field somewhere in that general area of Medina County.

Luling people have moved derrick timbers and are preparing to start a test on the Howard farm, about a mile east and a little south of the gas well and it seems quite probable that additional wildcat tests will be attracted to that area soon.

Elsewhere in Medina County Ina Oil Company is drilling at about 350 feet on its No. 2 Viola Wilson, located 600 feet north of the company's No. 1 Viola Wilson which was completed as a producing oil well. Both are on the Moses Griffin Survey No. 343. Gibson Oil Corporation is drilling at about 600 feet in the No. 4 Viola Wilson. Golden West Oil Company has cleaned out a couple of its wells and they promptly came back for as big production as ever. They were making around 40 barrels before cleaning out. The company's No. 5 has been spudded in and drilled to 112 feet.

Out in the Hondo field four miles south of Hondo the Kittle and Townsley well, off to the west, which tested at around 600 feet, is drilling deeper. Joe E. Walsh has spudded it on the Saathoff tract south

of D'Hanis. Plateau is rigging up in Survey 72 1/2 several miles south of D'Hanis.—Wednesday's Express.

MEDINA COUNTY MOST ACTIVE IN WILDCAT TESTS.

There are 31 wells drilling or locations made for wells that will be started at once in Medina County, all of them more or less wildcat, and Medina County, from the standpoint of rigs running, is probably the most active county in South Texas outside of the Mirando district in Webb, Zapata, Jim Hogg and Duval.

Several new tests have been announced in Medina County within the last few days. Alamo Drilling and Leasing Company, recently organized by A. A. Stover and William B. May, is starting a test about two miles south of the Southern Pacific Railroad and due north of the Ina field on the Louis Graff farm, and another over a little west of Noonan. The Noonan test, it is understood, will go to the Edwards lime.

Joe E. Walsh is starting two new wildcat tests and is drilling at 380 feet on the Saathoff farm on Survey 847, about three miles south and a little west of D'Hanis and not far from an old well drilled years ago that got shallow oil. The other is on the Faesler 170-acre farm, which is the northeast quarter of Survey 808 and is a few miles south of the Ina field. The derrick for this test is now being erected.

Ina Oil Company, which discovered the Ina pool, is starting a wildcat test on the Charles Finger farm in the George E. Harrison survey No. 746, about six miles due south of D'Hanis. The location is on the east side of Seco Creek and just south of the juncture of Parker Creek with Seco Creek. It is about the center of the north half of Survey 746. Derrick is now being erected and it will be drilled with cable tools.

Knox, Barlow et al are rigging up on the Howard farm in survey 91, which is about two and one-half miles east and a little to the south of Henderson & Holden's gasser in the Adams farm south of the Ina field.

The Grayburg Company is drilling at about 1,350 feet on the P. S. Ward farm on the Adam Goble Survey. Plateau Oil Company is rigging up on the Harrison farm in the center of Survey 72 1/2. California-Medina in the No. 1 Rothe is drilling at 3,080 feet northwest of D'Hanis. Cecil Switzer of Shawnee, Okla., who recently took over the Zerr farm test east of D'Hanis at 1,112 feet, has the tools back in the hole cleaning it out and was at 1,070 at last reports. The well has been shut down for more than a year. Dr. Collard of San Antonio is starting a test on the Neumann farm north of Hondo.

Eastham & Tarver have started a test in the Mussman farm in the E. H. Durst survey No. 16, which is the next survey north of the P. E. Durst Survey No. 15, in which the discovery Ina well is located. The Eastham & Tarver well was spudded in and is drilling below 125 feet and is about a mile north of the Ina discovery well.

In the Ina field the Ina Oil Company is drilling at 420 feet in the No. 2 Viola Wilson in the Moses Griffin Survey No. 343, a mile west of the discovery Ina well. Arnett Oil Company, in the No. 3 Nixon, is drilling at about 400 feet. L. Smith, who spudded in on the J. C. Jay farm in Survey 531, one mile west of the nearest producer in the Ina field, using a light spudding machine to start, has changed to a rotary rig and will be making good headway for this one. Gibson Oil Corporation is drilling at about 600 feet in the No. 4 Viola Wilson. Magnolia is working on the five wells purchased from the Ina Oil Company.

Around the Taylor No. 1, which came in a few weeks ago at 356 feet, located four miles south of Hondo, and drilled by the Medina Oil Company, the company is drilling at below 400 feet on the No. 2 Taylor, which made a small well at 315 feet and is being deepened. Golden West Oil Company No. 2 Odem, which at 80 feet skidded a few feet on account of a fishing job, got the same kind of fishing job in the second hole and will complete the fishing job there.

Golden West No. 1 Batot, a mile west of Survey 134, is drilling at 125 feet. Al Buchanan's No. 1 Odem is drilling at a little below 125 feet. Reager et al on the Langfield farm is drilling at 375 feet in Survey 117 and the same interests have made a location in Survey 115 on the Schrieber farm. Dr. Cavender is associated with Jameson in a test now fishing at 275 on the Mott farm in Survey 1479.

Kittle & Townsley, in the Richter, have resumed drilling at 650 feet after making a test, are shut down at 75 feet in the test on the Batot

farm in Survey 134 and have made a location for an Edwards lime test on the Bendele farm in Survey 593. Jacobs & Powell are all rigged up on the Haegelin farm in Survey 1473.

The Hondo field consists of one well, the Taylor No. 1, or discovery well, which is pumping in steel storage. The Ina field consists of five producing wells bought by the Magnolia from the Ina Oil Company, four producing wells of the Golden West and one drilling, three producers of the Gibson Oil Company and one drilling, two producers of Eastham & Tarver and one producer and one drilling of the Ina Oil Company.—Friday's Express.

QUIHI NOTES.

Sunday morning at 10 o'clock the regular Divine service in the German tongue will be held in the New Fountain Lutheran church. All are cordially welcome at all services in this church.

Sunday night the Quihi Luther League will render a very interesting program in Bethlehem Lutheran church. All are cordially invited to come and enjoy this program. A TONIC

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general Strengthening Tonic to the whole system. Nature will then throw off or disperse the worms, and the Child will be in perfect health. Pleasant to take. 75c per bottle.

SUPPLEMENTAL PROCLAMATION BY GOVERNOR. NO. 10.

AMENDING RULES AND REGULATIONS OF THE LIVE STOCK SANITARY COMMISSION OF TEXAS. Section 1, Chapter 5, Paragraph 8.

WHEREAS, the Live Stock Commission of Texas has, upon proper inspection, determined that hog cholera is prevalent to a greater or lesser extent in numerous counties within this State; and

WHEREAS, the said hog cholera being a contagious, infectious and communicable disease, is a serious menace to the swine breeding industry of Texas;

NOW THEREFORE, the Live Stock Sanitary Commission of Texas, for the protection of the uninfected and unexposed premises in counties of this State, do hereby promulgate the following rule and regulations which shall henceforth govern the movement of hogs within the State of Texas:

1. Hogs for immediate slaughter, when consigned to any of the slaughtering establishments listed below, may move without restriction provided a notation is made upon the waybill that said hogs are for immediate slaughter only:

Armour & Company, Fort Worth, Texas.

Swift & Company, Fort Worth, Texas.

Fort Worth Packing Co., Fort Worth, Texas.

Walter Graves Wholesale Meats, Fort Worth, Texas.

Peyton Packing Co., El Paso, Texas.

Armstrong Packing Co., Dallas, Texas.

Municipal Abattoir, Beaumont, Texas.

Houston Packing Co., Houston, Texas.

Gulf Coast Packing Co., Houston, Texas.

Municipal Abattoir, Paris, Texas.

Taft Packing Co., Taft, Texas.

2. Hogs may move to the public stock yards of Fort Worth, San Antonio, or El Paso for immediate slaughter or other purposes without restriction when consigned to either of the above named stock yards and must not be diverted enroute.

3. Hogs moving from one county in Texas to another county in Texas, when not consigned to any of the above named slaughtering establishments for immediate slaughter or above stock yards, must be accompanied by a health certificate of a licensed veterinarian of the State of Texas certifying that said hogs have been given hog cholera serum and virus (Simultaneous Vaccination) except that registered breeding hogs may move upon certification that said hogs have been given the Serum.

Alone treatment not longer than 10 days prior to shipment, and provided further all such hogs shall be certified as having been dipped or sprayed in a two per cent solution of cresol compound U. S. P. immediately prior to loading into vehicle of conveyance.

The above regulation is hereby adopted by the Live Stock Sanitary Commission and transmitted to the Governor of the State of Texas with request that she proclaim same to be in effect on and after the 12th day of March, A. D. 1926.

WITNESS OUR HANDS at Fort Worth, Texas, this 10th day of March, A. D. 1926.

Run-Down gave out easily

"MY health wasn't any account at all," says Mrs. H. L. Clayton, of Washington, N. C. "I would start to do my housework and I would give out before I had done anything at all. I did not have any strength, and if I did the least thing it seemed to tax me so I could not finish. I was run-down sure enough. "Several of my friends had taken Cardui and they said to me, 'Why don't you try it?' I knew I needed something to build up my general health and to increase my strength. "Finally one day when I was recovering from a spell of sickness, I decided to try Cardui. I got a bottle and began to take it. I could notice that I was improving as my appetite got better and I did not give out nearly so quick. I took several bottles and I felt lots better. "Two years ago I decided to take it again. It built me up and made me feel like a different person. It is the grandest medicine for women that I know anything about."
